JEANNEAU SUN ODYSSEY 379 - 2013 - £127,000

The Jeanneau Sun Odyssey 379 needs little introduction - a mainstay of Jeanneau's hugely successful recent range, the 379 has been praised for its performance orientated characteristics, sharp looks and comfortable layout options.

"Fresco" is the 2 cabin 'Owners' version specified with the hugely popular and versatile lift keel/twin rudder option - The lift keel provides excellent performance on all points of sail,

whilst a 1.10m minimum draft allows both exploration of shallow areas and the ability to dry out.

"Fresco" boasts a substantial specification, including many sought after options such as cabin heating, bow thruster, Simrad electronics with a colour plotter and autopilot, an electric halyard winch, a full cockpit enclosure and a comprehensive sail wardrobe including a fully battened mainsail, a furling Assymetric spinnaker, as well as both self-tacking and over-lapping head-sails to suit your style of sailing.

With very low engine hours, (only 216 hours) and only one owner from new, we expect this one to sell quickly!
